

Education

Ph.D. in Educational Psychology, University of Southern California, Los Angeles, CA **2022 - Expected May 2028**
Advisor: Dr. Stephen Aguilar; Secondary advisor: Dr. Erika Patall
Major field of study: Educational Data Science, GenAI & EdTech in Education

Graduate Certificate in Applied Data Science (in progress) **2026**
Major field of study: The full data science lifecycle; managing and querying large-scale educational datasets, applying machine learning to model student learning behaviors and outcomes, mining patterns from multimodal educational data.

Master of Arts in Human Development and Psychology, University of California, Los Angeles (UCLA) **2022 - 2024**
Advisor: Dr. Alison Bailey

Bachelor of Arts in Creative Writing & Education, University of Washington, Seattle, WA **2018 - 2022**

Skills

ETL Tools: Python, R, Stata, Excel
Data Visualization & Modeling: Adobe PS & PR, Quantitative modeling(Regression, SEM, Multilevel modeling)
Pipeline & Deployment Tools: FastAPI, GitHub

Research Interests

GenAI & EdTech in Education, AI Literacy Development, Bilingual Learner (BL), Learning Analytics, Digital Equity

Research experience

USC, Center for Generative AI and Society **Los Angeles, CA**
Researcher *July 2024 – Current*

- Conduct quantitative and qualitative research on Educational Technology and Generative AI in Education, focusing on AI literacy development and survey design among teachers and students.
- Co-authored international WISE (World Innovation Summit for Education) policy reports and USC Center for AI and Society comparing AI-in-education initiatives across five countries (United States, India, Qatar, Colombia, and the Philippines).
- Led statistical analyses of 2,000 K-12 teacher survey responses across 40+ constructs (AI literacy, attitudes, ethics, access gaps), producing cross-national comparisons and visual summaries.

UCLA, School of Education & Information Studies **Los Angeles, CA**
Independent Researcher, Faculty Advisor: Alison Bailey *January 2023 – June 2024*

- Master Thesis: Approaches to Learning (ATL) of Bilingual Students in Online Upper Elementary Mathematics Classrooms
 - Conducted Independent Research on the relationship between bilingual environments and approaches to learning in mathematics education, utilizing a mixed-methods research design (including questionnaires and family interviews.)
 - Analyzed and interpreted data using statistical software R Studio resulting in a nuanced understanding of the impact of bilingualism on the results of mathematics learning.

UCLA Teaching and Learning Lab **Los Angeles, CA**
Research Assistant *May 2023 – June 2024*

- [Courseketa Project](#) - Conducting research relevant to this teaching platform.

Grants & Research Awards

Internal Research Funds Grant (2025-2026), USC Rossier School of Education **\$1,500**
Understanding Cross-National Differences in K–12 Teachers’ Generative AI Adoption: Teachers in the United States and China.

Teaching Services

Teaching Assistant @ USC Rossier

Los Angeles, CA

EDUC 599 - Special Topics: AI and Learning Technologies

Fall 2025

- Supported instruction, discussions, and assessment for a graduate course on AI and learning technologies

Think Academy US

San Jose, CA

Upper-Elementary Math Teacher

May 2022 – June 2023

- Devised and implemented math curricula for 400+ G4-G5 students, resulting in improved analytical and problem-solving skills.
- Engaged in consultations with over 400 parents, guardians, and educators, effectively identifying and addressing students' learning challenges.

Certificates & Languages

Certificates: Instructional Designer Experience from LinkedIn; TEFL Certificate (MyTEFL, issued 07/2020), Washington DC Teaching Credential (Pursuing from TEACH-NOW, expect graduate by February 2024)

Languages: English (Proficient), Mandarin Chinese (Native), Cantonese Chinese (Proficient)
